Meet Scott

Scott Stephens, LISW-S, is the director of parish outreach. He coordinates the agency's community-based efforts with the needs and interests of Catholic parishes in its 11-county region.

"This is part of our commitment to aligning the work of Catholic Charities with the needs of the people," said Ted Bergh, CEO. "Nobody knows the needs of a neighborhood or a parish better than the clergy and laity who live there and we're making those issues our priority."

A result of Scott's outreach led to the creation of [Food for All](#) which brings a wide variety of fresh fruit, vegetables, eggs, meat and staples to families in food deserts.

Scott also leads Catholic Charities [Enlightenment Presentation Series](#).
